

Policy on Involvement of Commercial Supporter in CME/CE Activity

According to the policies of the ACCME, ANCC, ACPE and CDR, a Commercial Supporter of a CME/CE-certified activity may not:

- specify the manner in which the provider will fulfill the requirements of the ACCME's/ANCC's/ACPE's/CDR's Elements, Policies and Standards.
- identify CME needs
- determine educational objectives
- provide suggestions for planners, speakers or topics
- control the planning or execution of the activity
- determine educational methods
- request scientific/medical accuracy review
- influence the disbursement/use of funds from commercial support
- determine how activity will be evaluated.

The American Academy of CME and its educational partners are required to adhere to these policies.
