FOR IMMEDIATE RELEASE

## **Academy Reaccredited by Commission on Dietetic Registration**

Jackson, NJ – American Academy of CME, Inc. (Academy) is pleased to announce it has been reaccredited by the Commission on Dietetic Registration, the credentialing agency for the American Dietetic Association.

The intent of the Continuing Professional Education (CPE) Accredited Provider Program is to recognize CPE providers who have met the CDR’s CPE standards. There are 11 standards that CPE providers must meet to be awarded CPE Provider Accreditation status with the CDR.

“We are pleased to be reaccredited as a Continuing Professional Education Accredited Provider by the CDR,” said John JD Juchniewicz, MCIS, CCMEP, president of the Academy. “Dietitians play a valuable role as part of the interdisciplinary care team for many disease states, and we believe it is important for the Academy to be able to provide continuing professional education units to this group of healthcare professionals.”
